

Tribal Emergency  
Management Association  
(iTEMA)

Survey Analysis

# Survey

- Purpose

- To capture input concerning the creation of the association and to provide a snapshot of services currently available and desired within Tribal communities.

- Results

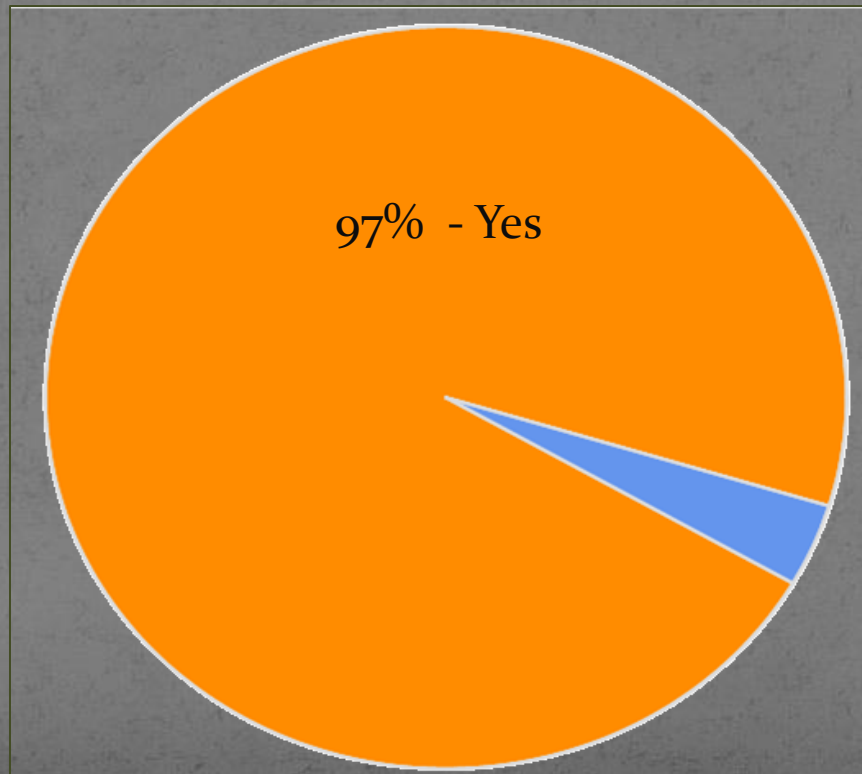

- 142 responses as of 8/28/12.
- Of those, 95 Tribal Nations were represented, meaning:
- 17% of all 566 Federally recognized tribes have provided feedback.
- Of the 91 people who answered the question, 97% support the creation of the association.

# Survey

## Association Support

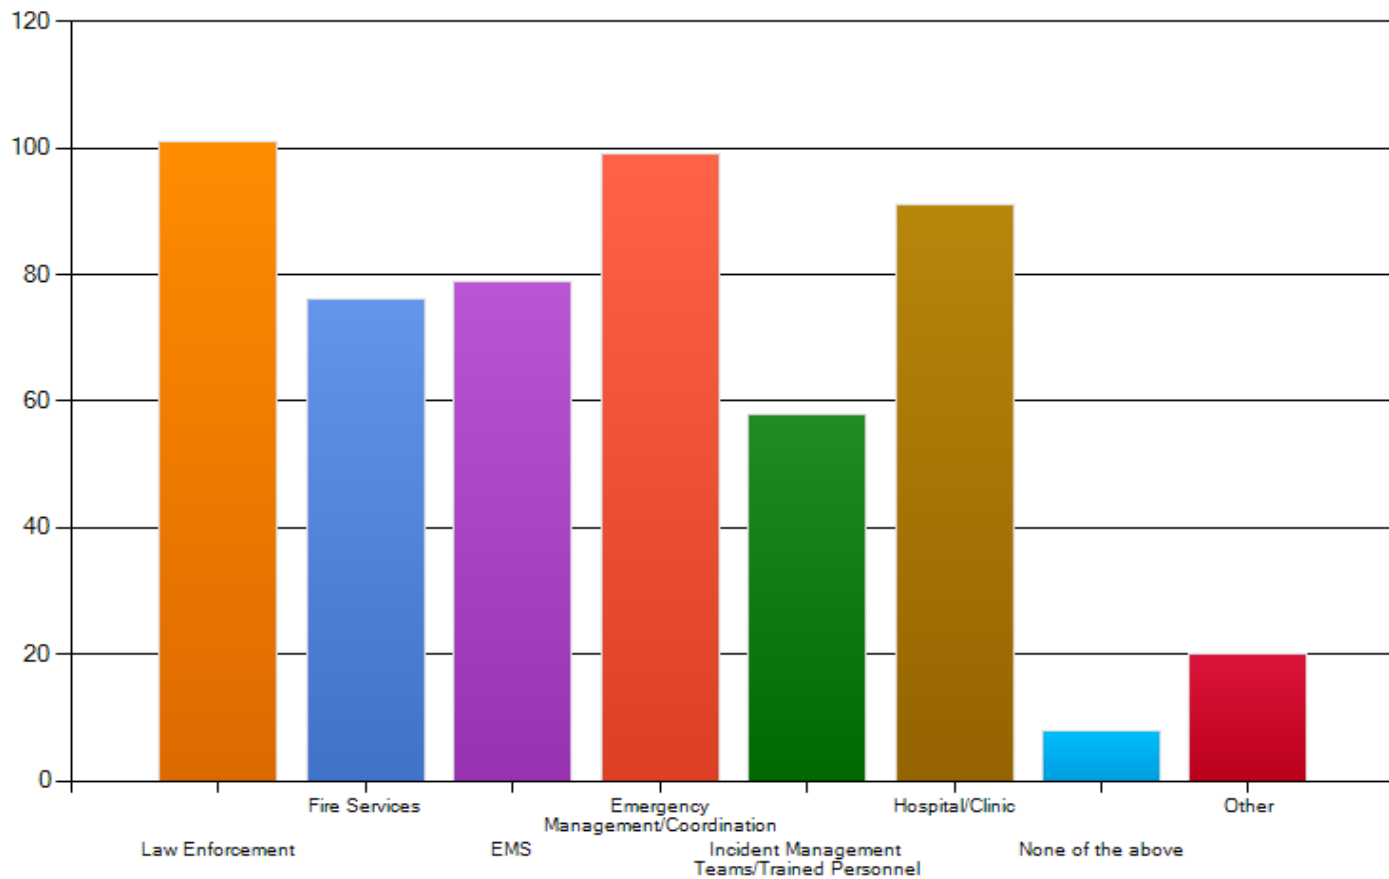

Would your Tribe, Pueblo, Rancheria, Nation, Village, Community, Agency or Organization be willing to support the formation of a National Tribal association whose focus is on strengthening emergency services and management throughout Indian Country?

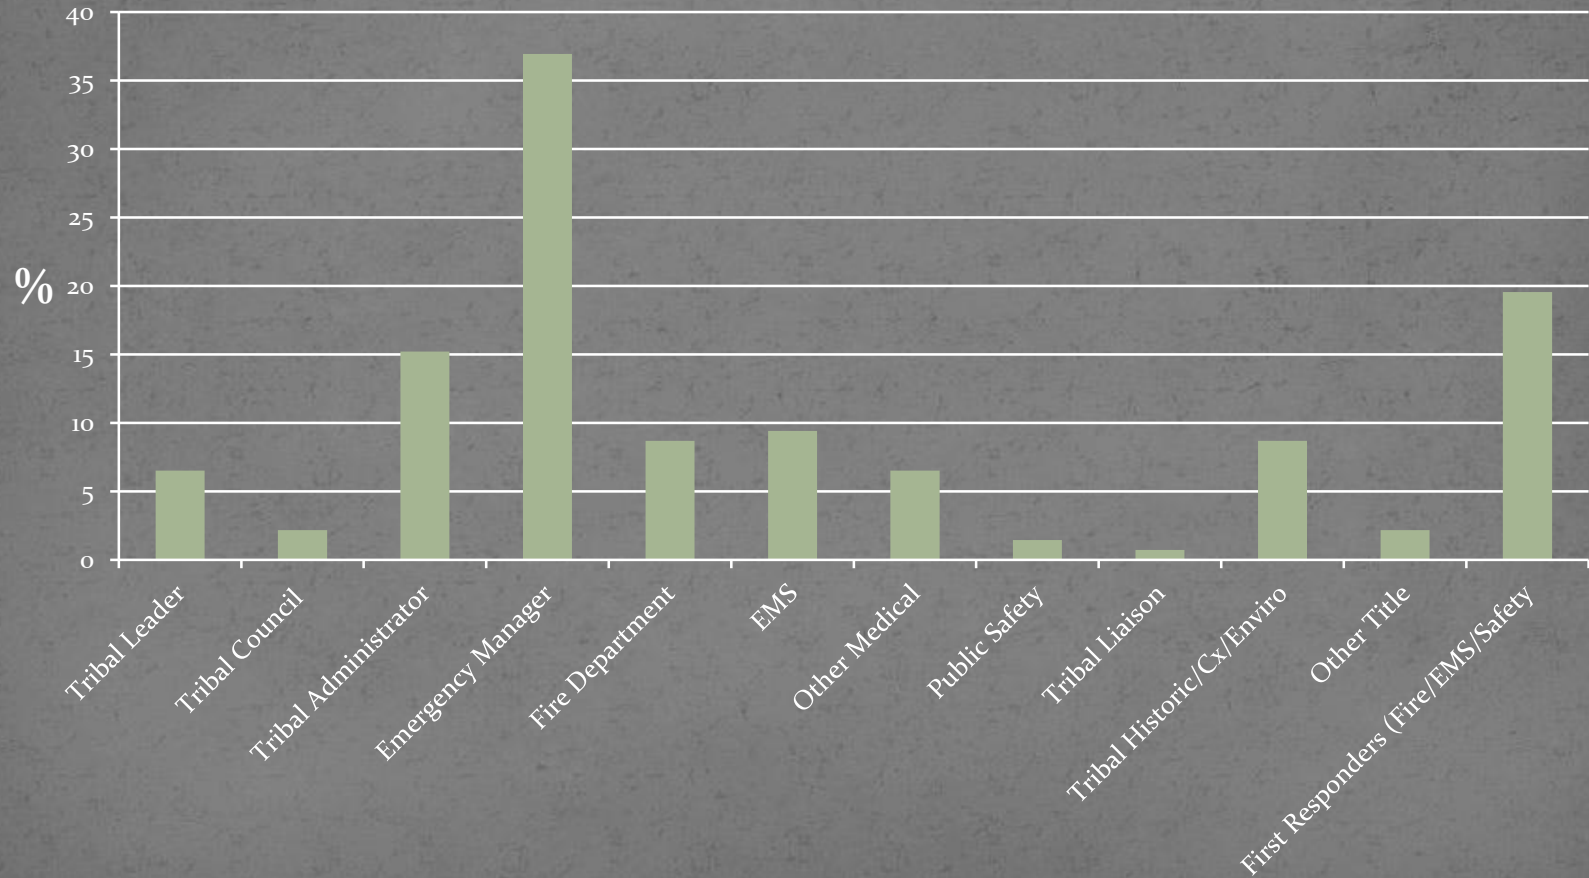

# Survey

## Current Available Resources

Which emergency services are available within your Tribe, Pueblo, Rancheria, Nation, Village, or Community?
